

Winter's Kitchen is a community wide collaboration of amazing, loving, and giving community members. So far we have about 15 volunteers who all come together on Sundays in a potluck style event! Each person cooks, makes or buys one thing that will serve on average 50 people, but we are finding more and more every week!

We come together pray over our meal then dish up togo boxes. We then send teams of two to go out and reach our homeless population in there situation!

Hopping that this will lead to strong relationships and the love of God shining through us and giving them hope!

The food is our gateway into hearts, to show the love of God outside the doors of the church and to work as one body to save lives and souls!

Anyone can give back or pay it forward , even a toothbrush, or roll of TP is a huge blessing to these folks, but
