

April 17, 2026

Dear Sun Valley Academy Avondale Families,

I am writing to share that the school administration received a report involving an allegation related to a former staff member and scholar.

Consistent with Arizona law and our commitment to scholar safety, we immediately reported this matter to the Avondale Police Department. We are fully cooperating with their investigation even though the alleged incident did not occur on campus.

Because this situation involves both a scholar and a personnel matter, we are limited in what we can share. Federal privacy laws, including the Family Educational Rights and Privacy Act (FERPA), require that we protect the confidentiality of those involved.

Please know that the safety and well-being of our scholars is our highest priority and we take this seriously.

We understand that situations like this can be concerning for families. If your child has questions or needs support, we encourage you to speak with them directly. Additional support is also available through the school if needed.

We will continue prioritizing a safe and supportive learning environment for our scholars, cooperating with law enforcement and following all required reporting mandates. Thank you for your trust and partnership.

Cordially

James Capriotti
Principal
