Parents and Staff:

Goldthwaite CISD Elementary Campus has been notified that several of our students have tested positive for the COVID-19 virus. After careful review of close contact guidelines, it was determined that various classes would be required to quarantine. Even though we have very few confirmed positive COVID-19 cases on this campus, the effect of the close contact quarantine procedure has placed a significant number of our students and staff in quarantine protocol.

Based on the information that we have gathered, it has been determined that the Elementary Campus transition to remote Asynchronous instruction effective tomorrow Friday, February 5<sup>th</sup> until February 16<sup>th</sup>, 2021. We are accommodating every student to the best of our ability regarding instruction. Asynchronous packets are being prepared and pick up will be coordinated with your campus Principal, Mrs. Jernigan. Please ensure your child is engaged daily and please let us know if any needs arise.

Although the decision to transition to remote instruction has been determined, out of an abundance of caution and necessity, we advise you to monitor your child's health following CDC symptoms guidelines.

The campus will be deeply cleaned and sanitized, and we will be preparing to return to face-to-face instruction on Tuesday, February 16<sup>th</sup>.

We are continuing to monitor this situation and will provide additional information as needed. We pray for a successful recovery for all of our GCISD students.

Sincerely,

A handwritten signature in blue ink that reads "Ronny Wright". The signature is written in a cursive, flowing style.

Ronny Wright  
Superintendent GCISD

ps. **This closure pertains to the Elementary campus only. Middle and High School campuses will continue classes as normal.**
