Overall Inspection Comments

ALLEGED COMPLAINT: After ordering beef broccoli, orange chicken, thin noodles with shrimp when got home I noticed a very strong smell of ammonia on the beef and had an very slimy texture to it . I then tried the orange chicken and it also tasted very stale and very old. I have eaten from this restaurant several times but I really think as a cook my self this food was not right. I took the entire food back and told them to please check their food or what they are cooking with. I am concerned because everything that was meat tasted rotten. (Location Info: Losee and centennial)-
-INSPECTOR COMMENTS:

Food appears to be fresh no old foods found- no off smells but facility had temperature issues with one- 2 door make table cooler above 62 degrees F inside

foods just put in today were taken to walk in cooler to chill down and other longer stored food discarded.

Unable to validate complaint at this time

"due to social distancing requirements of COVID-19, this form was reviewed, but not signed by the person in charge."

The Health District is working with its health care and community partners to ensure there are strong public health measures in place to respond to COVID-19 in the community. Updates about COVID-19 are also available by calling the Health District's Information Line at 702-759-INFO(4636) or 1-866-767-5038.

The public can help the response:

- Do not go to the emergency department unless it is essential. Emergency departments need to be able to serve those with the most critical needs.
 - If you have a mild cough, fever, or other respiratory symptoms, contact your doctor first.
- Practice everyday preventive actions to help prevent the spread of respiratory viruses:
 - Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer.
 - Avoid touching your eyes, nose, and mouth.
 - Avoid close contact with people who are sick.
 - Cover your cough and sneeze with a tissue, then throw the tissue in the trash.
 - Clean and disinfect frequently touched objects and surfaces.
- Stay home when you are sick.
- Stay informed. The COVID-19 situation is changing frequently. Up to date information is available on the Health District website at www.southernnevadahealthdistrict.org/coronavirus or the CDC website at www.cdc.gov/coronavirus/2019-ncov/index.html.
