## Health and Safety Advisory: Staycon LLC dba Craft

**September 25, 2026-** The Colorado Department of Revenue (DOR), in conjunction with the Colorado Department of Public Health and Environment (CDPHE), is issuing a health and safety advisory due to the identification of contaminated Regulated Marijuana Vaporizer Delivery Devices produced by **Staycon LLC** doing business as **Craft**.

The CDPHE and DOR deem it a threat to public health and safety when ingredients used in the manufacture of Regulated Marijuana are found to contain methylene chloride. This advisory includes Production Batches that were found to have been produced using an ingredient that contained methylene chloride.

The affected product is listed below by license number and Production Batch identifier, and was sold at 405 stores between **March 27, 2026, and September 25, 2026**. Click [here](#) for a complete list of stores where the affected product was sold. If the Marijuana Enforcement Division (Division) identifies additional affected product, it will publish updates to this advisory on the Health and Safety Advisory [webpage](#).

Consumers who possess this marijuana should destroy it or return it to the Regulated Marijuana Store from which it was purchased for proper disposal. Consumers who experience adverse health effects from consuming the Regulated Marijuana should seek medical attention immediately and report the event to the Marijuana Enforcement Division by submitting a [MED Reporting Form](#). At the time of publishing, the Division has not received any Adverse Health Event reports; however, given the potential consumer health risks associated with this contaminant, the Division encourages consumers to promptly report any adverse health events and check their labels to confirm whether they possess this affected marijuana.

All Regulated Marijuana must have a label affixed to the container that, at a minimum, indicates the license number of the Regulated Marijuana Business that produced the marijuana and the Production Batch number assigned. **Consumers should check the label on the marijuana for the following license number and Production Batch number.**

**Regulated Marijuana Manufacturer Licenses: 404R-00170 & 404-00489**

### **Contaminated Batches:**

“Green Skunk” or “Hawaiian Sour”:
