Explanation of Benefits (EOB) - This is not a bill

This statement is called your EOB. It shows how much you may owe, the amount that was billed, and your member rate. It also shows the amount you saved and what your plan paid. Look at this statement carefully and make sure it is correct. If you do owe anything, you will receive a bill from your doctor or health care provider(s). If you have access to the secure member website, you can change your delivery preference, view, print or download your EOBs online anytime.

Track your health care costs

Going to a doctor or hospital in the network saves you money. That's because we have arranged discounted rates with these providers. The online provider directory can help you find a doctor or other health care professional. Just go to www.aetna.com.

A guide to key terms

Term	This means	Your totals
Amount billed:	The amount your provider charged for services.	\$2,017.00
Member rate:	This is the health plan covered amount which may reflect a health plan discount. This may be referred to as the allowed amount or negotiated rate.	\$0.00
ⓘ Pending or not payable:	Charges that are either not covered or need more review by us. Read 'Your Claim Remarks' to learn more.	\$403.40
Deductible:	The amount you pay for covered services before your plan starts to pay.	\$242.18
Coinsurance:	When you pay part of the bill and we pay part of the bill. This is the out-of-pocket amount that you may owe.	\$269.28
Copay:	A fixed dollar amount you pay when you visit a doctor or other health care provider.	\$25.00

Your payment summary

Patient	Provider	Your plan paid			You owe or already paid
		Amount	Sent to	Send date	Amount
Anna (self)	WVU Hospital	\$1,077.14	WVU Hospital	3/22/20	\$536.46
Total:		\$1,077.14			\$536.46

03/11/2020 - Office Visit in Internal Medicine, University Town Centre (continued)

Progress Note (continued)

Ordered Biofire and flu PCR; later this afternoon flu B came back as positive.

Biofire testing was necessary because patient had recently traveled to an area affected by COVID 19 and we needed to rule out all other viral possibilities before being eligible for the COVID19 test. Unfortunately at this time COVID19 testing is very limited and is not widely available to most patients.

Discussed that since it's been 72 to 96 hours after her sx started she is out of the window for Tamiflu.

Also discussed that since her husband has been with her for past 72 hours he is out of the window for Tamiflu PPX.

Advised on good hand hygiene.

Okay to keep taking tylenol cold and flu as directed on package.

Benadryl/phenergan okay temporarily if having trouble sleeping 2/2 symptoms but not for long-term use.

No indication for CXR based on lung exam.

Hypertension

Has been taking sudafed scheduled RTC for congestion so may be 2/2 that. No plans for intervention right now.

RTC prn

Orders Placed This Encounter

- RESPIRATORY VIRUS PANEL BY BIOFIRE FILM ARRAY
- Influenza Virus Type A and Type B by PCR
- rizatriptan (MAXALT) 5 mg Oral Tablet

Upper respiratory infection
