Inspection Date: 2019-06-10

Inspection Score: 65.00%

WALK-IN REFRIGERATOR HOLDING 56 DEGREES F. STAFF REPORTED THAT THE WALK-IN REFRIGERATOR HAD NOT WORKED SINCE SUNDAY, JUNE 9, 2019, AND FOOD WAS SERVED TO CUSTOMERS. OPERATOR TRIED TO USE ICE AND DRY-ICE TO KEEP FOODS BELOW 41 DEGREES F. ICE AND DRY-ICE ARE UNAPPROVED METHODS TO COLD HOLD FOOD IN A REFRIGERATOR. DRY-ICE CREATED A HEALTH AND SAFETY HAZARD BY DISPLACING THE OXYGEN IN THE WALK-IN COOLER. KERN COUNTY ENVIRONMENTAL HEALTH HAZARDOUS MATERIALS TEAM WAS CALLED TO MITIGATE THE HAZARD.

OBSERVED BEVERAGE COOLER HOLDING POTENTIALLY HAZARDOUS FOOD ITEMS. UNAPPROVED EQUIPMENT USED AS REFRIGERATION EQUIPMENT FOR POTENTIALLY HAZARDOUS FOODS. APPROVED FOR BEVERAGES ONLY.

THE OPERATOR DID NOT DEMONSTRATE DECISION MAKING SKILLS BY SERVING FOOD TO CUSTOMERS THAT WAS OUT OF THE SAFE TEMPERATURE RANGE FOR SEVERAL HOURS. THE APPROPRIATE DECISION WOULD BE TO SELF CLOSE THE FACILITY, DESTROY UNSAFE FOOD ITEMS, REPAIR WALK-IN REFRIGERATOR, ALLOW WALK-IN REFRIGERATOR TO REACH 41 DEGREES OR BELOW, AND THEN RESTOCK REFRIGERATOR.

WALK-IN REFRIGERATOR UNABLE TO HOLD FOOD AT 41 DEGREES F OR BELOW.

ALL POTENTIALLY HAZARDOUS FOOD FROM BEVERAGE COOLER AND WALK-IN COOLER WERE CONDEMNED AND DESTROYED. FOOD ITEMS WERE OUT OF SAFE TEMPERATURE RANGE FOR SEVERAL HOURS.
