Dear Mr. Hoby,

The Golden Fire Department, pending final design, is a supporting stakeholder for the proposed nighttime vehicle access management gates on Lookout Mountain Road as it travels through Jeffco Open Space and Denver Mountain parklands.

We support the proposed management for safety, natural, and cultural resource protection reasons. [elaborate here on any reasons that are specific to your agency or organization].

The Golden Fire Department has been an active supporting stakeholder in this project since the summer of 2023. Thank you for considering taking this positive step toward safety and protecting cultural, and natural resources on Lookout Mountain.

Sincerely,
