Mr. Molly,

“Active” in CID denotes that the Chief Clerk’s office hasn’t closed the file. Closing the file is an administrative function that can take some time after a permit is issued and isn’t necessarily related to the permit application status. The Commission issued TPDES Permit No. WQ0005289000 on March 18, 2025. There are no pending motions for rehearing. All motions for rehearing were denied by operation of law on May 12, 2025. At this time, the Commission’s issuance of the permit is the subject of a lawsuit.

Sincerely,

Cari-Michel La Caille
