

Statement from Kidd's Preschool Enrichment Center
on the incident of July 17, 2019:

The owners and staff are extremely saddened by this incident for both the child involved and the child's parents. We have taken measures to ensure that incidents like this do not repeat so that we may ensure the safety of all our children enrolled.

We have provided childcare services to this community for more than 30 years without the occurrence of this type of incident. We value the trust that our parents have in us to provide care for their children and strive to maintain that trust. We are open to the feedback that are parents and the community provides to help us on our path to continuous improvement.

Vivian Kidd & Monée Kidd-Pruitt
