Overall Inspection Comments

ALLEGED COMPLAINT: They have rats in the kitchen. I was there cause my son ordered some food, but when I walk to the restroom I SAW A RAT

walking to the kitchen--INSPECTOR COMMENTS:

EHS conducted complaint investigation and noted the following:

rodent droppings and pest harborage observed in equipment storage area and one rodent dropping observed in ware wash area.

See full inspection report for complete details.

Complaint valid with fee.

The complaint filed with the Southern Nevada Health District (SNHD) noted on this report has been found to be valid. A verified complaint fee of \$118 must be paid at the 280 S Decatur Blvd SNHD office within the next five business days or your permit may be subject to suspension. If you have an invoice number, you may pay online by visiting <http://snhd.info/eh/payment>. Call (702)759-1110 if you do not have an invoice number.

The Health District is working with its health care and community partners to ensure there are strong public health measures in place to respond to COVID-19 in the community. Updates about COVID-19 are also available by calling the Health District's Information Line at 702-759-INFO(4636) or 1-866-767-5038.

The public can help the response:

- Do not go to the emergency department unless it is essential. Emergency departments need to be able to serve those with the most critical needs.
 - If you have a mild cough, fever, or other respiratory symptoms, contact your doctor first.
- Practice everyday preventive actions to help prevent the spread of respiratory viruses:
 - Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer.
 - Avoid touching your eyes, nose, and mouth.
 - Avoid close contact with people who are sick.
 - Cover your cough and sneeze with a tissue, then throw the tissue in the trash.
 - Clean and disinfect frequently touched objects and surfaces.
- Stay home when you are sick.
- Stay informed. The COVID-19 situation is changing frequently. Up to date information is available on the Health District website at www.southernnevadahealthdistrict.org/coronavirus or the CDC website at www.cdc.gov/coronavirus/2019-ncov/index.html.
